

*Two thirds of the earth's surface is water...
The rest we can process.*

OVERVIEW

MDM Engineering:

- is a world class engineering company with global experience, especially into Africa;
- has +150 engineering professionals, who have the capacity to deliver a project within deadline;
- is supported by a technical team with over 22 years experience in designing and building process plants across a range of minerals;
- provides a cost-effective approach to design, which means we deliver on budget;
- produces plants that are functional, efficient and durable;
- is transparent with our 'open-book' contracting method, ensuring that any savings are shared with the client.

MDM Engineering Group Limited (MDM Engineering) is a BVI registered, metallurgical engineering company which was established in February 2006. MDM Engineering has a management team with some 22 years of operational and technical experience.

TRACK RECORD

The team at MDM Engineering has extensive experience, being responsible for the:

- completion of some 54 bankable feasibility studies, 98% of which went on to receive 3rd-party funding;
- construction of some 532 metallurgical plants, all of which produced above design capacity; and
- execution of projects in 16 countries worldwide, but with the focus on the African continent.

SOME KEY MDM PROJECTS

- Awarded the EPCM and full project execution encompassing the construction and associated infrastructure of First Uranium Corporation's Ezulwini Gold and Uranium plants. Started in June 2007 with a project value of c US\$ 110 million. The gold plant was commissioned in July 2008, followed by the first gold pour. The Uranium plant was commissioned in May 2009.
- Awarded the EPCM and full project execution encompassing the construction and associated infrastructure for First Uranium Corporation's, Phase 1b MWS Gold and Uranium tailings treatment project. This project started in April 2008 with a project value of c US\$ 190 million and will manage a throughput of 130,000tpm uranium and 1,280,000tpm gold. MDM was awarded Phase 2 in July 2009. The project value for Phase 2 is c US\$ 125 million and will manage 650,000tpm gold.
- In 2009 MDM was awarded the Goldfields West Wits Tailings Retreatment BFS as part of a combined project team. The anticipated value for this project is c US\$ 300 million.

FLUORSPAR EXPERIENCE

NAME	CAPACITY	PROCESS	STATUS	LOCATION	CLIENT
Fluorspar Studies					
Kenya Fluorspar	40.000tpm	Concentrator	Complete	Kenya	Kenya Fluorspar
Vergenoeg	80.000tpm	Concentrator	Complete	South Africa	Metorex Limited

EZULWINI (Gold & Uranium)

CHEMWES (Gold & Uranium)

MKUJU (Uranium)

MUTANGA (Uranium)
